

## **Pontiac Vibe orders must be submitted ASAP**

October 11, 2007

If you are interested in ordering the 2008 Pontiac Vibe, please note that you should submit your orders to PHH as soon as possible. GM has not submitted a Final Order Entry Date yet, but production ends in December and we anticipate that the Final Order Entry Date will be very soon.

The estimated start for 2009 Pontiac Vibe production is January 2008.
