

DaimlerChrysler announces revised 2007 build-out date for Dodge Sprinter

May-2-2007

DaimlerChrysler has announced a revised 2007 build-out date for the Dodge Sprinter. Effective immediately, no additional orders will be accepted for this model. This early built-out is due to a shortage in production, coupled with a high volume of orders in the order bank. Launch information for the 2008 Sprinter has not yet been announced.

As PHH has done in the past, we have included two important dates concerning the build-out of the Sprinter:

- **"Last Day to Transmit"**
This is the actual order cut-off date provided by the motor company. Orders submitted after that date are always submitted on a "will try" basis.
- **"Orders Due at PHH"**
This is the date by which PHH expects to have orders to ensure ample processing time. We will continue to accept orders up to the last day to transmit, but submission cannot be assured.
