

Federal Government ecoAUTO Rebates - Tips for Preparing Rebate Applications

Mar-24-2008

Since the Canadian Federal Government announced the ecoAUTO rebate program last year, PHH has been working to identify government representatives who would help us outline a process that we could provide to you. New Ministry personnel were installed in January 2008, and we have partnered with them to provide some [tips](#) that will help you complete your applications and receive your rebates in the most efficient manner.

The Federal budget delivered in February 2008 announced that:

- The ecoAUTO rebate program will not continue beyond model year 2008
- All claims for rebates must be submitted no later than March 31, 2009
