

## **PACCAR joins PHH FirstFleet network**

Jan-17-2008

We continue to enhance our maintenance network for medium and heavy trucks and equipment. Most recently, we added PACCAR, a global technology leader in the design, manufacture and customer support of premium light-, medium- and heavy-duty trucks under the Kenworth, Peterbilt and DAF nameplates. PACCAR delivers its products and services to customers in North America through an extensive dealer network of more than 550 locations.

PHH's truck maintenance network now includes over 10,000 truck maintenance locations in the United States and Canada.

PACCAR maintenance facilities offer:

- OEM parts for all makes
- Consistent, nationwide pricing
- 24/7 customer assistance, roadside assistance, express services, preventive maintenance
- Parts warranties and extended warranties

"We're very pleased to welcome PACCAR to our truck maintenance network," said Mike Lewis, senior vice president, truck strategy, PHH Arval. "With this addition, PHH solidifies our position as the one-stop resource for managing fleet trucks in *all* weight classes. Our maintenance network includes nearly all the major players in the market and enhances fleet managers' ability to keep their drivers safely and productively on the road while effectively controlling costs."
