

Audi of America announces early 2008 build-out of its model line-up (excluding A6) and launch information for model year 2009

Feb-20-2008

Audi of America has announced an early 2008 build-out for all of its models, with the exception of the A6. Orders for all models, excluding the A6, must be submitted to Audi by Friday, February 22, 2008, to ensure vehicles are built to exact specification and color. Audi will continue to accept orders after February 22, 2008, and attempt to match the orders to vehicles in their production pipeline.

The start of production for the 2009 model-year, excluding the A6, will begin in early April.

Build-out information for the A6 will be announced at a later date, but it is anticipated that orders will be accepted through August, 2008.

Please refer to PHH InterActive[®] under News and Information > Vehicle Updates > Build-outs/Launches for a complete list of specific dates for all manufacturers' models.

PHH will keep you advised as updates become available.
